

## **What is a Legend?**

A Legend is a senior male golfer who enjoys the game of golf, including the personal challenges and competition that golf engenders and the friendships and relationships that are developed on and off the golf course.

### **Legends agree to:**

- Use the SignUpGenius (SUG) on-line Legend tee time sign-up system.
- Play from either the white or gold tees.
- Maintain a pace of play in keeping within the Heritage Golf Club guidelines.
- Conduct themselves in a sportsman-like and courteous manner.
- Maintain a verifiable USGA handicap (GHIN) with the Club.
- Share, on a first-come-first-served basis, a maximum of nine tee times which are for Legend Members only.
- Limit Legend sponsored events/tournaments to Legend Members. October Legends Heritage Cup (Ryder Cup) grandfathered with an exemption.

### **Membership:**

- Is limited to 50 members.
- Is limited to Heritage Golf Club members (this requirement is waived for existing Legends).
- Prospective Legends will be placed on a wait list until an opening is available.
- The Steering Committee (SC) will maintain the list of prospective new members (referred by the Heritage Club and/or other Legends). The SC will review the list quarterly and update the prospects of the current status of their membership (maxed out, on wait list, pending review by SC, etc.).
- When membership is open, the SC will recommend new members and notify the Legends and new members. Any Legend may offer a recommendation for a specific prospective member. Prospective members will be considered in the order of their position on the wait list.

### **Playing Frequency Requirement:**

- Members must play at least [50] times per year with the Legends (“playing frequency requirement”). Frequency of play will be monitored quarterly through the use of SUG and GHIN handicap system on a rolling four-quarter basis by the SC with assistance from the Legends handicap chairmen.
- The playing frequency requirement can be waived for up to six months for certain reasons (e.g. medical leave, family member illness, etc.). Snow birds will not be granted waivers. The waiver may be extended for one additional six-month period by the SC in extreme situations.
- Members who do not meet the playing frequency requirement will be contacted (in-person or by phone from a designated SC member) to discuss their interest in playing on a more frequent basis with the Legends. They will be notified that continued in-frequent play could result in their loss of the opportunity to use SUG for sign up two weeks in advance to play with the Legends. Non-regular or seasonal players would have the option to call the club 2 days in advance of the day they want to play to secure an available open slot to play with the Legends.
- Previous Legend members may reapply for membership at any time by adding their name to the wait list.

#### Steering Committee Members

George McGuire, Tom Gurganus, Jerry Martonic, Ed Yarasheski, Tom Bacca, Tom Lionelli, Tom Sullivan, Larry Davis
