

Minutes Steering Committee Meeting November 8, 2016

Attending: Mike Connell, Randy Cobb, Tom Gurganus, Chuck Houseworth, John Woloski, Ed Yarasheski, Tom Lionelli, George McGuire

Topics:

1. Legends New Website

The Legends steering group reviewed a new website, heritagelegends.com, developed by Chuck Houseworth. The purpose of the website is to serve as the primary communication vehicle within the Legends and as the online repository for all Legends related documents and information. The site is exclusively for the Legends, and each person will have his own ID and password, very similar to what exists today for Sign Up Genius. The site is expected to go "live" later this week. At that time, Chuck will be sending out further information to all Legends. All members are encouraged to use the site, as it will be the focal point for our future communications. Sign Up Genius is not affected. It will continue to be used to sign up for play.

2. Hole In One Insurance

Committee Members, Chuck Houseworth and George McGuire will meet with Rufus Alston and other Legend Members to review the Hole In One process and make a recommendation on how to notify everyone when it occurs.

3. Gold Tees Only for the Nassau Group

The Nassau Players will begin playing from the Gold Tees. This will be effective until Spring when it will be reassessed.

4. New Legend Member

Jim Rowe is a potential new Legend Golfer who will participate with us on a 30 day trial basis.

5. Divot Day

After the Steering Committee meeting on Wednesday, November 8, Tommy Gurganus discussed a Fall divot day with Nick Bisanz. Nick welcomed a divot day and suggested the first Tuesday after Thanksgiving. A signup will be added to SUG.
